

HI-STANDARD 32/18 FRESH CHICKEN PREMIUM PERFORMANCE PUPPY FOOD

PRODUCT CODE: HSPUP32

HI-STANDARD PUPPY FOOD

Our dog foods are formulated with:

- ◆ A precise balance of amino acids to support healthy muscle tissue.
- ◆ High levels of fat to support energy levels and stamina.
- ◆ Highly digestible meat protein sources.
- ◆ Omega fatty acids for a healthy skin and coat.
- ◆ Formulated to meet the nutritional levels established by the AAFCO Dog Food Nutrient Profiles for all life stages.
- ◆ Calorie Statement: Metabolizable Energy (ME) – 3,490 Kcal/Kg (calculated)

FEEDING GUIDELINES:

You should feed Hi-Standard 32/18 Puppy Food according to your puppy's appetite. If he cleans up the amount of food given, increase the amount. If he does not clean up the food given, reduce the amount.

Nursing pups are ready to start nibbling on moistened soft food at three to four weeks of age. Add one part warm water, milk, or broth to three parts Hi-Standard 32/18 Puppy Food and mix until soft. Allow the puppies to eat as much as they want.

Puppies should be fed four times per day until they are three months of age. From three to six months of age, they should be fed three times a day and from six months to one year, twice a day. Always have fresh, clean water available for your dog.

Dogs kept outdoors during cold winter months may require 30 – 50% more food. Hot weather may decrease your dog's appetite.

GUARANTEED ANALYSIS:

Crude Protein (Min.)	32.0%
Crude Fat (Min.)	18.0%
Crude Fiber (Max.)	3.0%
