

MARE REPLACER POWDER

PRODUCT CODE: 9007 (25# bag)

FORM: Powder

APPLICATION: This powder, when mixed with water, provides orphaned foals with a nutritionally balanced milk protein-based replacement for mare's milk. All foals require the nutrition provided by mare's milk. Foals that have been orphaned can be given proper nutrition with **Mare Replacer Powder™**. Give your foal the strength and energy it needs.

MIXING DIRECTIONS:

Mix ½ cup of Mare Replacer Powder into 1 quart of warm (100°F) water. For best mixing results, sprinkle the powder onto the water. Agitate both, using a wire whisk. The mixing and feeding equipment should be thoroughly cleaned after each feeding.

FEEDING DIRECTIONS:

Age of Foal	Qts per Feeding	# of Feeding per day
4th day – 4 wks	2	6
5 th week	2	5
6 th week	2	4
7 th week	2	3
8 th week	2	2
9 th week – 2 mths	Foal is Weaned	

Start to Finish:

Start to Finish provides a line of products that:

- ✓ Provides unique products that meet specific equine nutritional needs
- ✓ Complements, rather than interferes with, well-balanced feeding programs
- ✓ Will earn your trust, based on performance!

Start to Finish equine products combine the specialty manufacturing and distribution strengths of MSC with the equine nutrition expertise of Dr. Stephen Duren and Performance Horse Nutrition. We are committed to bringing you the most advanced, highest quality specialty equine products available anywhere.
