

ALFALFA CUBES

PRODUCT CODE: WI9201

APPLICATION:

High quality alfalfa to be used in situations when hay is unavailable or of poor quality. These bagged cubes also offer convenience when traveling with your horse(s).

FEEDING DIRECTIONS:

Working Horses:

Horses worked or ridden several hours a day should be fed 18-22 pounds of alfalfa cubes per day and receive an additional grain mixture at the rate of 5-10 pounds per head daily.

Pleasure Horses:

A horse ridden for one hour or less a day just for pleasure and weighing about 1,000 pounds should receive 15-20 pounds of alfalfa cubes per day. A supplemental grain mixture should also be fed.

Show Horses:

The show horse is fed in somewhat the same manner as the pleasure horse, focusing more on the body condition and general appearance. One should be fed approximately 15-18 pounds of alfalfa cubes and 5-10 pounds of a quality grain mixture daily.
