**PRODUCT CODE:** WAM25 – 25 lb. bag  
WAM8 – 8 lb. bag

**FORM:** Meal

**MEDICATION:** None

## APPLICATION:

A free-choice vitamin/mineral supplement formulated for all classes of free ranging and domestic deer.

## FEATURES & BENEFITS:

- Supplements the vitamins and minerals needed for a balanced diet for your deer herd and enables elite animals to reach their full genetic potential.
- Increases body weight
- Increases antler development
- Increased milk production and fawn vigor
- Improves opportunities for observing deer

## FEEDING DIRECTIONS:

After choosing a location for your mineral lick, chop a three-foot diameter circle in the soil approximately 3-6 inches deep. Apply eight to ten pounds Whitetail Antler Magic and mix into soil. Spread one pound evenly on top of the surface and leave alone for six months. Every six months, or as needed, reactivate the soil with five to seven pounds Whitetail Antler Magic. The optimum times for reactivation are early spring and late summer.
