

# 32% FLOATING CATFISH FOOD

**PRODUCT CODE:** CATFISH

**FORM:** Pellet

**GUARANTEED ANALYSIS:**

Crude Protein (Min.) ..... 32.00%  
Crude Fat (Min.)..... 2.50%  
Crude Fiber (Max.)..... 7.00%  
Phosphorus (P) (Min.) ..... 0.7%

**FEATURES:**

- ◆ Supplements the natural feeds present in lakes or ponds.
- ◆ Gives a greater yield from ponds.

**FEEDING DIRECTIONS:**

Feed once a day, either early morning or late afternoon at four feeding stations per acre. Broadcasting of feed should always take place at same time and from same location.

Feed approximately the amount they will clean up in 20-30 minutes or at the rate of 3-5% of the bodyweight of fish per day. Depending on feeding activity of fish, increase or decrease amount accordingly. Reduce amount of feed when water temperature drops below 55°F.

**CAUTION:**

Do not overfeed. Overfeeding will result in an oxygen depletion in the water causing a sour pond.

**INGREDIENTS:**
