

SMOOTH DESIGN™ 20% PELLETT

PRODUCT CODE: 220FOCP

FORM: Pellet

APPLICATION: A complete pelleted feed formulated for show pigs.

FEEDING DIRECTIONS:

A higher protein pelleted feed that will help maintain definition and enhance muscle expression. Ideal for lighter muscled, plainer designed pigs. Feed continuously as the sole ration to growing pigs to maximize muscle expression and growth.

FEATURES AND BENEFITS:

- Precise formulation and unique flavor additives encourages greater consumption to unlock the genetic potential of today's show pig.
- Fortified with probiotics to further improve nutrient absorption while promoting and maintaining good digestive health and supporting immune function.
- Various high quality protein sources, including dried egg and whey, supply an exact blend of amino acids ideal for maintaining added muscle mass while allowing pigs to convert energy into fat cover.
- Variety of fiber sources and rolled oats to provide added fill and center body dimension.
- Chelated and organic trace minerals for maximum availability and absorption.
- High vitamin fortification to combat show stress and maintain bloom.
- Probiotics and prebiotics added for improved gut health and nutrient utilization. Also aids in maintaining feed consumption during stressful situations.
